# Mohit Tanwar

2X Salesforce Certified Developer

---

## Profile:

Result-oriented and highly skilled Salesforce Developer with nearly 2 years of experience in building robust and scalable solutions using Lightning Web Components (LWC). Demonstrated expertise in Salesforce development, Apex, and Lightning Data Service. Proven ability to design and implement innovative solutions to address complex business requirements. Strong problem-solving and analytical skills with a passion for delivering high-quality software solutions. Recently achieved 2X Salesforce certifications, including Platform Developer I (PD1), showcasing proficiency in developing and maintaining Salesforce applications.

## Skill:

- Programming Language: Javascript, CSS, HTML
- Salesforce Development(Apex, Visualforce, Lightning)
- Lightning Web Component(LWC)
- Apex Trigger
- Synchronous & Asynchronous Apex
- Database: SOQL, SOSL
- Salesforce Admin
- Integration: REST, SOAP, APIs
- VS code
- GitHub

## Experience:

**BODHISATVA AI PVT LMT, JAIPUR** – *Salesforce Developer*

JUN 2022 - PRESENT

- Developed and implemented custom solutions using Salesforce Lightning Web Components (LWC) to enhance user experience and streamline business processes.
- Collaborate with cross-functional teams, including Business Analysts, Administrators, and stakeholders, to gather requirements and design solutions.
- Designed, developed, and deployed custom Apex code, Visualforce pages, Lightning Components, and triggers to extend Salesforce functionality.
- Customize and configure Salesforce objects, fields, workflows, validation rules, and processes to optimize system performance and user experience.
- Conduct thorough unit testing and participate in code reviews to ensure code quality, maintainability, and adherence to best practices.

- Provide ongoing support, troubleshoot issues, and optimize the performance of existing Salesforce applications.
- Integrate third-party applications and tools with Salesforce, leveraging APIs and web services for seamless data exchange.
- Participate in the design and implementation of data migration processes from legacy systems to Salesforce.
- Maintain documentation of technical specifications, system architecture, and process flows for future reference and knowledge sharing.
- Stay updated with the latest Salesforce features, tools, and industry trends to propose innovative solutions and improvements.

### **ITECH SOLUTION PVT LMT, BIKANER – Salesforce Development Intern**

OCT 2021 - JUNE 2022

- Assisted senior Salesforce Developers in building and enhancing Salesforce applications to meet client requirements.
- Developed custom Visualforce pages and Apex classes under the guidance of experienced team members.
- Conducted testing and debugging of Salesforce functionalities to identify and resolve issues.
- Assisted in data migration tasks, ensuring the accurate transfer of data from legacy systems to Salesforce.
- Gained hands-on experience in Salesforce administration, including user management and security settings.

### **PROJECTS:**

#### **Enhanced User Experience: Debranding and Customization using LWC and Apex in Salesforce**

- Removal of Salesforce Branding, Customizing User Interface, Replacing Standard components and Brand-Consistent Email Template.
- *Technology Used-* Salesforce Platform, Apex, Lightning Web Components (LWC), Lightning Data Service, Apex Trigger, CSS, HTML, Schedulable Apex Batch.

#### **Salesforce Event Management Software Development**

- *Description-* Developed a comprehensive event management software solution using Salesforce Lightning Web Component (LWC) to Streamline event organization and attendee registration process for a leading event management company.
- *Technology Used-* Lightning Web Components (LWC), Apex, Visualforce, Lightning Data Service, Salesforce Automation(Validation Rules, Workflow Rule, Process Builder), Third-party API Integrations, Salesforce Report and Dashboards.

## **Book App Store**

- *Use Case-* Need a Book App store to search & see books and where the book is available.
- *Technology Used-* Custom Application, Object Data Loader, Workflow, Email Alert, Batch class, Trigger, SOQL Queries, Apex Test, LWC and Aura also LDS.

## **Internal Sales/Service app of BODHIAI**

- *Technology Used:* App Customization, Flow, Batch Apex, Approval Process, Security Setting, Apex Trigger, Lead Conversion, Lead Assignment, Auto Response Rule, Email Alert.
- *Explanation:-* Custom object for demo and feedback. Auto Response to custom every time a call in log or demo is given to a custom. All Email alerts on birthdays, Lead conversion and Highlights of the works. The approval process for discounts.

## **Profile Comparison**

- *Use case:-* It is very useful if we can compare the profile is missing and what it has to solve the issue and make a better user experience sandbox to production deployment
- *Technology Used:* LWC, REST API, Connected apps, AUTH. Provider, Name Credentials, LMS, Apex.

## **Key Achievements:**

- Successfully delivered multiple projects on time and within budget, meeting or exceeding client expectations.
- Developed a custom LWC component that significantly improved data entry efficiency, reducing data entry time by 30% for sales representatives.
- Implemented integration with a payment gateway, enabling secure online transactions for customers and increasing revenue by 20%.
- Streamlined business processes through automation, resulting in a 25% reduction in manual effort and improved data accuracy.

## **EDUCATION:**

**Kautilya Institute of Technology & Engineering** – *B.Tech in Mechanical Engineering*

2013 - 2017, JAIPUR

*Rajasthan Technical University*

**RSV School** – *Senior Secondary*

2012, BIKANER

*Central Board of Sec. Education*

**RSV School** – *Secondary*

2010, BIKANER

*Central Board of Sec. Education*
